# Delica Pro Gold

Ideal for  
both artisanal  
and industrial  
bakeries

The trend of conscious consumers looking for healthier alternatives asks for re-inventing conventional bakery products. Delica Pro Gold offers an answer to tap into these trends:

- E-numbers, additives and high caloric products are avoided if healthier alternatives are offered;
- More natural, wholesome products stand out compared to processed foods.

Delica Pro Gold, the winning reply to balance indulgence and health.

A blend of refined rapeseed oil, virgin oils (wheat germ, corn, linseed), 20% water and lemon juice.

Applications:

- ✓ Pound cakes
- ✓ Muffins
- ✓ Sponge cakes

Advantages:

- ✓ Low in saturated fatty acids
- ✓ Source of Omega-3
- ✓ 20% less calories
- ✓ Natural lecithin activity for a clean label
- ✓ Source of natural vitamin E > 100mg/100g
- ✓ Larger volume of the baked product
- ✓ Excellent sensory experience
- ✓ Good plasticity – fluffy and aerated cake

## FLUFFIER AND LIGHTER STRUCTURE

REFERENCE:  
REFINED RAPE SEED OIL

DELICA PRO GOLD

Due to the low SAFA level and the emulsified water, the structure of the cake is fluffier and lighter. A slight nutty taste adds to the wholesome experience. The crispy crust with its golden color completes the appealing and authentic appearance.
